Station 6, Taurus-Littrow

Apollo 17 / 13 December 1972

Apollo 17, Hasselblad magazine 140. NASA image S73-22871.

THE PHOTOGRAPH

Harrison Schmitt stands beside a split boulder during Apollo 17's third moonwalk. The rover is parked in the distance, to the right.

HOW IT WAS MADE

This panorama joins two frames that Eugene Cernan took with a Hasselblad camera.
